Subject: Further answers for Tenenbaum AOR

Supplement to
AOR 2003-32

Per our discussion:

1. Ms. Tenebaum does not exercise direction or control over any of the 501c's to whom she might contribute the funds.
2. The filing date for reelection to state office is not until Spring 2006. While some of the funds at issue were, at the time, raised in anticipation of that race, she is currently a candidate for U.S. Senate in 2004 and nothing else.

None of the 501c entities are directly or indirectly established, financed, maintained or controlled by Ms. Tenenbaum, nor do that act under her direction or control.
